GAME CHANGER

SIX-WEEK CHALLENGE

Power up your training and amplify results with 5-6 workouts a week.

If you're up for a real challenge, I'm going to bring it! I'm Ben, and I'm here to help push your limits with the Game Changer Challenge. Over six weeks I will provide you with workouts and coaching that will help you break through any fitness plateau and feel like a champion.

This scientifically-designed Game Changer Challenge was developed in conjunction with Dr. Jinger Gottschall and features a powerful combination of cardio, strength and yoga. Each week you'll be challenged to build your endurance, speed and power. Combine this with healthy eating and you'll maximize lean muscle mass and reduce body fat.

Here's what you can expect...

- 5 - 6 workouts a week
- Various intensity options so you can push your limits
- Equipment and equipment-free options
- Baseline testing and goal setting
- Access to ongoing support and motivation

If you're ready for results and up for a challenge, this is the game-changer you need.

Let's go!

Ben Main, Les Mills Ambassador

Instagram: [@imbmain](https://www.instagram.com/imbmain)

A long shadow of a person is cast across a green running track, suggesting a long-distance runner. The shadow is dark and elongated, stretching from the upper left towards the lower right. The track surface is a vibrant green with a white line visible in the lower portion of the frame.

STEPS TO SUCCESS

STEP 01

start today!

FIND YOUR BASELINE

The number one way to stay motivated is to track your achievements. Simply complete these three baseline tests at the beginning and end of the challenge and you can monitor your progress. You can also use these tests to monitor mid-way progress if you want to. Here's all you need to do:

UPPER BODY STRENGTH

+ THE PUSH-UP TEST

Perform as many push-ups as you can without stopping. Start in the push-up position, lower your body until your elbows are at 90 degrees and then press up to the starting position. Alternatively you can choose the modified push-up on knees position if preferred. NB. Measure and keep the same distance between your hands for future tests.

LOWER BODY STRENGTH

+ THE SINGLE-LEG WALL SIT TEST

Start with your feet shoulder-width apart and your back against a smooth vertical wall. Slowly slide your back down the wall until both your knees and hips are at a 90-degree angle. Lift one leg off the ground and start the timer. When you can no longer keep that leg off the ground stop the timer. After a period of rest, test your other leg.

MEASURE

+ WAISTLINE MEASUREMENT

Stand and place a tape measure around your waist, just above hip bones. Keep the tape snug, but not compressing your skin. Record the measurement just after an exhale.

see your results

WOMEN	> 60 seconds	45 - 60	35 - 45	20 - 35	< 20

STEP 02

SET YOUR GOALS

→ *and smash them!*

Goal setting is key to staying on track and realizing the results you deserve. Make sure your goals are SMART; specific, measurable, achievable, realistic and timebound. If you want to make your goals stick you need to write them down. It's also a good idea to share your goals with like-minded friends and family as this is shown to boost your chances of success.

Need some goal setting inspo? These goals might work for you ...

- I want to complete at least 5 to 6 full workouts a week.
- I want to shift my baseline fitness to excellent in the next six weeks.
- I want to keep up exercise while I cut out refined sugar and alcohol for six weeks.

WHAT DID YOU ACHIEVE?

STEP 03

SORT YOUR NUTRITION

→ eat wisely

You can't out-train a bad diet. If you're investing in your fitness for six weeks you need to think about making nutritional choices that serve you well. While there's no one nutritional plan that will work for everyone here are some smart steps you can take to optimize your nutrition and maximize your results:

- Eliminate or minimize refined sugar and alcohol.
- Limit saturated fats, trans fats, salt, and added sugar.
- + Eat lots of fruits, vegetables, whole grains, and low-fat dairy products.
- + Include lean meats, poultry, fish, beans, eggs, and nuts in your diet.
- + Make sure you are hydrated and not hungry before your workout. Learn what food gives you energy and the ideal time to eat it before exercise. Try a meal with complex carbohydrates about 1-2 hours before you begin.
- + Eat a small meal within 30 minutes of completing your workout that includes both carbohydrates and protein.

MAXIMIZE YOUR RESULTS

top tips

+ DIARIZE YOUR WORKOUTS

Plan ahead in one-week blocks and add workout time as a time to treat yourself.

+ DON'T WORRY IF YOU MISS A WORKOUT

Try and fit it in the next day.

+ ALWAYS TRAIN WITH WATER

Always!

+ WORK OUT AT YOUR OWN SPEED

Take options to modify intensity and impact, particularly during cardio workouts.

+ BE ACCOUNTABLE

Tell your friends and family what you're doing – even encourage a friend or partner to do the challenge with you. Join the LES MILLS On Demand Fitness Challenges (official) Facebook group, share your efforts and use the hashtag #GameChangerChallenge

+ REFLECT REGULARLY

Take note of changes and achievements and think about what you want to work on in the week ahead. It's a great way to stay focused on your overall goal.

+ SPEND TIME STRETCHING

This can improve flexibility, build strength, help injury prevention and leave you feeling calm and serene. BODYBALANCE™/BODYFLOW® is great for this.

+ HAVE ONE REST DAY A WEEK

The positive adaptations born from exercise take place when your body is in recovery. Insufficient recovery can reduce the effectiveness of your training.

+ REMEMBER ...

There are no hard and fast rules. If you want to juggle the days you do certain workouts go for it! Be sure to space your strength training out across the week and avoid HIIT workouts on consecutive days. Keen to master a specific workout? No problems, you can simply repeat that workout instead of what's listed – consider intensity and length and try and replace like for like. You can even slot in another type of training, simply swap one of the scheduled cardio workouts for a run, or perhaps a road ride.

also

→ Throughout the challenge, we will be sharing plenty more tips, motivation and guidance. And you'll also find round-the-clock support by joining the LES MILLS On Demand Facebook squad.

There's no doubt some days will be tough, but if you keep at it you'll be looking and feeling amazing in six short weeks. Remember, every workout is a win!

GAME CHANGER

Make the most of your plan! Print this page, tick off your progress and keep somewhere visible, that way you can easily keep record of your workouts as well as track your goals.

It's easy to navigate which workouts to do - jump onto the LES MILLS On Demand platform and follow the Game Changer Challenge sequence and you'll do every suggested workout in the right order.

EQUIPMENT
